## Iraq | Rapid Response Mechanism (RRM) | Operational Dashboard | December 2017

RRM delivers immediate, life-saving assistance, within 72 hours of a trigger being activated, to highly at-risk families while they are on the move, located in hard-to-reach areas, caught at checkpoints or stranded between military front lines | Each RRM kit, which is meant to be a week's supply per family, consists of immediate response food rations, a hygiene kit, a dignity kit, potable water and a water container | RRM assists most of the displaced families multiple times at various locations, as their displacement continues with no access to life-saving essentials | Feedback: msheraz@unicef.org.

# **Key Figures**

487,174

RRM Kits Distributed in 2017

2,491,880

Beneficiaries reached in 2017

# **Highlights**

Since 2014, RRM consortium has reached 8.5 million IDPs with 1.4 million emergency kits.

In December, overall RRM deliveries decreased by 36%. However, distributions in Erbil (Makhmur) increased by 41 percent during the month, in a comparable timeframe.

In December, majority of the individuals (57 percent) were reached in Ninawa governorate.

In 2017, the consortium has assisted around 469,767 families including **1,366,052** children.

WEO carried out majority (45 percent) of the distributions for the consortium during December.
